Email Notification Templates

Affiliate extension sends emails with different types of notifications to the affiliate and admin. You can customise templates of those emails.

To change extension email template you need to do following steps:

- Go to the **Marketing > Email Templates**.
- Press the button **Add New Template**.
- Select template in the dropdown list that you would like to customise. The current extension templates are placed at the **Mirasvit_Affiliate** header.
- Press button **Load Template**.
- Enter new **Template Name**.
- Change **Template Subject** and **Template Content** if you need.
- Press the button **Save Template**.
- Go the to **Marketing > Affiliates > Settings > Email Notification Settings**. Select your new template in the dropdown list of necessary notification. Save configuration.

How to disable a Email notification

To disable Email notifications you need to go to the **Marketing > Affiliates > Settings > Email Notification Settings**.

In the dropdown list of necessary notification select the option **Disable these emails**. Save configuration.
